

Investing for Success

**Under this agreement for 2018
Granville State School will receive**

\$170,000*

This funding will be used to

- Ensure a 10% improvement in the number of students attaining an A-C rating in English.

Our initiatives include

- Employment of a curriculum coach to further develop the pedagogical and data literacy skills of all teachers and develop a school English plan that aligns to the Australian Curriculum and to the needs of our students.
- Implementation of Daily Rapid Reading, the Reading Link Program (Dr Carol Christensen) and the Get Reading Right phonics program, by the employment of additional teacher aides to deliver the program to students.
- Purchasing additional speech language pathologist time to develop and oversee the implementation of targeted articulation and speech language programs.
- Ongoing professional development from external providers to enhance pedagogy of all staff.
- Release of staff for English planning and to view best practice in other sites and develop best practice networks.
- Introduction of a playgroup and continuation of POKETS (Pre-Prep program) to develop student readiness for school.
